

ANNUAL NOTIFICATION

OF PESTICIDES USED NEAR SCHOOLS AND CHILD CARE CENTERS

McCabe Elementary

Attn: Lopez, Armando
701 West McCabe Road

El Centro, CA 92243-9507

5/2/2021 7:59:57 PM

This notification is informational only. California regulations require a farmer to provide annual notification of the pesticides expected to be applied to agricultural crops within ¼ mile of a public K-12 school or a licensed child care center (schoolsites). This notification pertains to the farmer listed below. The pesticides listed are expected to be used during the July 1, 2021 - June 30, 2022 period. If a farmer needs to use a pesticide that is not included on the list, schoolsites will be informed at least 48 hours prior to use.

California regulations also prohibit specific pesticide applications to agricultural crops within the following distances of a schoolsite during Monday through Friday, from 6:00 a.m. to 6:00 p.m. which include:

- Applications with potentially higher drift are prohibited within ¼ mile (1,320 feet) of a schoolsite, such as fumigations and applications using aircraft.
- Applications with lower drift are prohibited within 25 feet of a schoolsite, such as most applications using a tractor.
- Applications with negligible drift have no distance requirement, such as applications using a hand sprayer or within a greenhouse.

For additional information on this regulation visit: www.cdpr.ca.gov/schoolnotify/

Farmer contact information:

Operator ID: 131531A

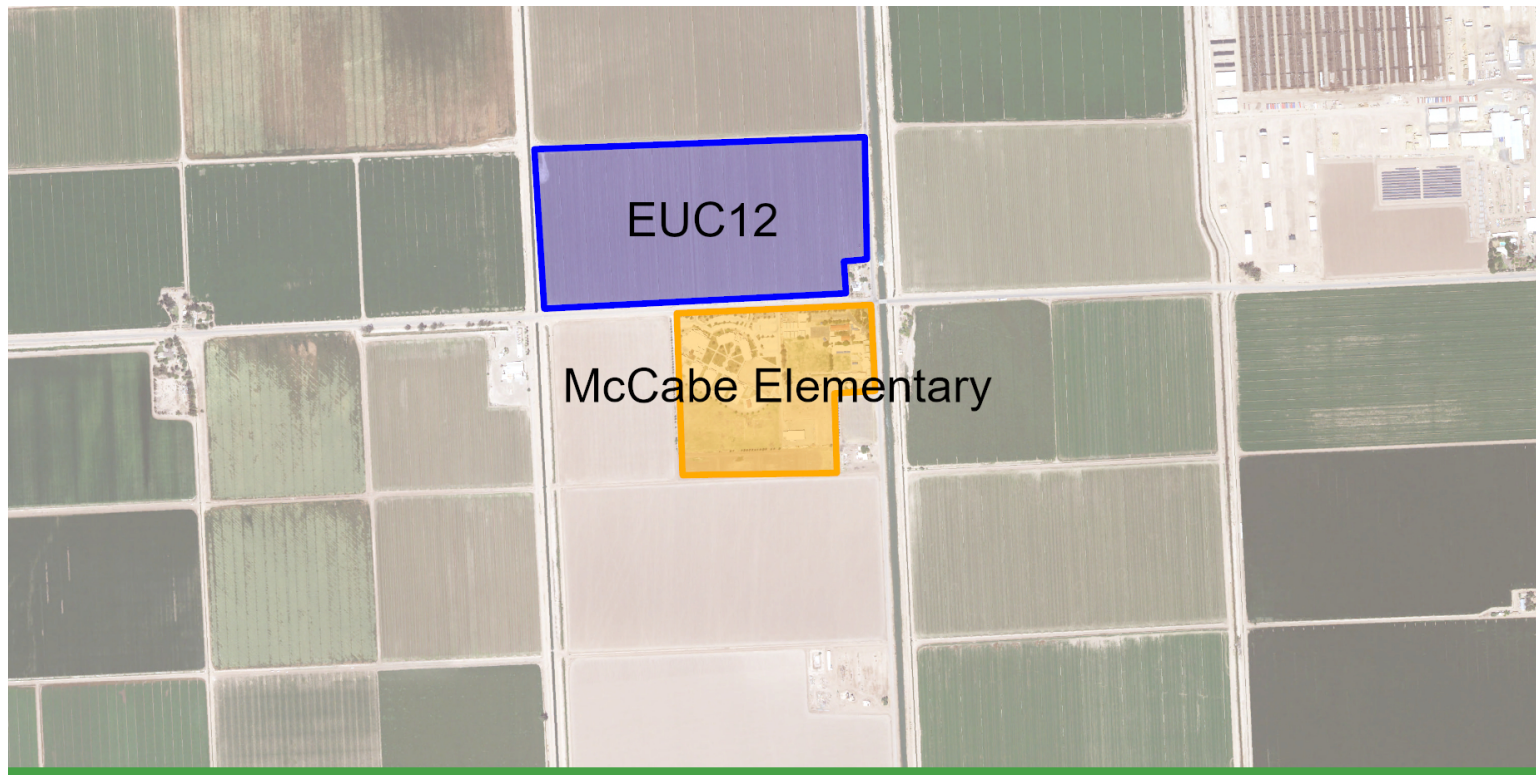

Address: 1982 TUBBS ROAD

Operator: TRIPLE I PRESS, LLC

HOLTVILLE, CA 92250

Name: IRUNGARAY, GERARD

Email: gerard_irungaray@tripleipress.com

The above map shows the location of your schoolsite boundary and the field(s) of the farmer within 1/4 mile. If you believe that the property boundaries are incorrect, use the tools provided at CalSchoolNotify.org or contact your County Agricultural Commissioner's office.

List of Active Ingredient(s)

Active Ingredient	Example Product	Reg. Number
NA - Phosphoric Acid Find Similar Products NA - Alkyl polyglycoside NA - Alkyl phenol ethoxylate 2 - Zinc 19.25 - Total Principal Functioning Agents 12 - Available Phosphate 10 - Total Nitrogen 1 - Manganese	BRANDT NUTRIENT BUFFER 10-12-0	48813-50026-AA
(S)-CYPERMETHRIN	MUSTANG INSECTICIDE	279-3126-ZB

Proprietary blend of peraffinic petroleum oil, Poly fatty acid esters and polyethoxylated derivatives thereof	NEW CENTURY OIL SPREADER	1051080-50009-AA
TRIFLURALIN	GOWAN TRIFLURALIN 10G	10163-120-AA

The pesticides listed are expected to be used during the July 1, 2021 - June 30, 2022 period. Schoolsites will be informed of pesticides not on the list at least 48 hours prior to their use.

Information about the pesticides listed in this notification is available from the National Pesticide Information Center website: <http://npic.orst.edu/>

Negotiation alternative

California regulations include an option for a written agreement between the farmer, the principal or child care center administrator, and the county agricultural commissioner that specifies alternative application restrictions that the parties agree provide the same or a greater level of protection as provided by the prohibitions described above. For example, the three parties may establish alternative restrictions to address extracurricular activities that occur during evenings or weekends. A request to discuss alternative restrictions must be sent to the county agricultural commissioner.

<http://www.co.imperial.ca.us/ag/>

The county agricultural commissioner may be contacted for questions or additional information, if violations of these requirements are suspected, or for other non-emergency situations.
