Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Targeted Support and Improvement

The School Plan for Student Achievement (SPSA) is a comprehensive document providing details about the school’s planned actions and expenditures to support student outcomes and overall performance, and how these actions connect to the District’s Local Control Accountability Plan (LCAP), which lays out goals for the entire District.

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The McCabe Union Elementary School District’s Local Control Accountability Plan (LCAP) serves as the roadmap to support the goals of the District. The LCAP Goals are further supported with federal funds as detailed below:

Goal 1: Full implementation of California Standards in English Language Arts (ELA) and Literacy in History/Social Studies, Science and Technical Subjects in K-8th grade.

- * Curriculum/Instruction/ELD Support - Title I
- * Professional Development – Title I and Title II
- * Instructional Assistants: Remedial Services – Title I
- * Tutoring Services Foster Youth/Homeless – Title I
- * Chromebooks/Technology Devices/Instructional Materials/Digital Licenses – Title I

Goal 2: Full implementation of California Standards in Mathematics in K-8th grade.

- * Curriculum/Instruction/ELD Support - Title I
- * Professional Development – Title I and Title II
- * Instructional Assistants; Remedial Services – Title I
- * Tutoring Services Foster Youth/Homeless – Title I
- * Chromebooks/Technology Devices/Instructional Materials/Digital Licenses – Title I

Goal 3: Implementation of Business Foundations Course through Project Based Learning Activities for 7th and 8th grade students.

* Professional Development –Title II

Goal 4: To improve the overall school climate through an increased feeling of belonging and safety in grades K-8.

* Professional Development –Title II

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The District will continue to hold consultation meetings with all stakeholders, including parents, to review the School Plan for Student Achievement, through the School Site Council (SSC), Title I Committee, and the District English Language Advisory Committee (DELAC). Parent involvement represents an important component in promoting student achievement. Teachers, office staff, and administrators keep parents informed as to student progress and attendance. In addition to quarterly report cards, mid-quarter progress reports are sent out. Parents with fourth through eighth grade students are also able to check grades on through their ParentVUE account. Access to the ParentVUE account can be found on the school website at www.muesd.net. The continue to provide more opportunities for parent participation in the school and are able to provide input on the SPSA. In order to increase communication and understanding between the school and home, information is provided to parents through flyers, notices, and pamphlets given to students to take home and through weekly newsletter e-mails. News and other important events are also posted on the McCabe Website and electronic marquee. Back-to-School Night is held in September and Open House in May. These events provide opportunities for parents and the community to visit the school and be part of the programs sponsored by the PTO and give feedback that SSC is able to take into consideration for the SPSA. Due to COVID-19, many campus activities have been suspended until further notice, or modified to a virtual platform.

Many McCabe parents take an active part in the school by volunteering to help in the classroom and with programs such as the Halloween Carnival, the See's Candy fundraiser, McCabe Olympics, upper grade athletics, field trips, eighth grade trip, sixth grade camp program, and school projects. During November of each year, formal conferences are scheduled for every child's parents. These conferences continue to be highly successful in providing communication and registering concerns about each child's progress and educational opportunities and programs for which they may be eligible.

Total Enrollment	1,389	1,365	1,359

Conclusions based on this data:

1. The District is experiencing a slight decline in enrollment.
2. The larger cohorts are exiting the district and promoting to high school, whereas smaller cohorts are entering the TK/Kindergarten grade levels.
3. Due to the difference in enrollments/exits, we had a slight decline. We anticipate a further decline in enrollment due to the COVID-19 pandemic.

Conclusions based on this data:

1. Due to the new state regulations on reclassifications, there were fewer students reclassified. The number of English Learners was consistent to the previous year.

Conclusions based on this data:

1. During the 2019-20 school year, Smarter Balanced Summative Assessment (SBAC) was not administered state wide due to the COVID-19 pandemic. This data reflects scores from the 2018/19 school year.
2. The District maintained the scores in the area of Listening: Demonstrating effective Communication skills. The District will continue to focus on this area along with Research/Inquiry: Investigating, Analyzing and Presenting Information. The District will use District provided curriculum, iReady, and Smarter Balance Interim Assessments to improve scores. The District is using the ICA's as an established benchmark that is given at the beginning and end of the year to establish growth. Teachers will utilize IAB's to help students better prepare for the SBAC test.

3. For the 2020/21 school year, the State will require Districts to administer the SBAC assessment remotely, with the student taking the CAA in person.

Conclusions based on this data:

1. During the 2019-20 school year, Smarter Balanced Summative Assessment (SBAC) was not administered state wide due to the COVID-19 pandemic. This data reflects scores from the 2018/19 school year.
2. The District increased the overall percent of students that were above the standard. The District will continue to focus on the following area: Problem Solving and Modeling/Data Analysis: Using appropriate tools and strategies to solve real world and mathematical problems and Communicating Reasoning. The District will use District provided curriculum, iReady, and Smarter Balance Interim Assessments to improve scores. The District is using the ICA's as an established benchmark that is given at the beginning and end of the year to establish growth. Teachers will utilize IAB's to help students better prepare for the SBAC test.
3. For the 2020/21 school year, the State will require Districts to administer the SBAC assessment remotely, with the student taking the CAA in person.

Conclusions based on this data:

- * Represents a group too small to calculate a score. The California Department of Education transitioned from the California English Language Development Test (CELDT) to the English Language Proficiency Assessment for California (ELPAC) in the 2018-19 school year. The ELPAC is aligned with the California ELD standards and demonstrated a shift in rigor as the 17-18 and 18-19 comparison indicates. The District will continue to run small ELD groups to support English Learners. Teachers will continue to receive extra support during class to support English Learners. In addition, the ELD teacher and support staff will offer support to our EL students and provide an ELPAC academy during the intervention block to provide continued ELPAC exposure to the EL students.
- During the 2019-20 school year, students took the Summative ELPAC assessment, where Approximately 14% of our student population consists of English Learners. 17% of our English Learners are Minimally Developed, 34% are Somewhat Developed, and 48% are Moderately Developed. 20% of our English Learner population reclassified as RFEP.

This is the total number of students enrolled.

This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.

This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.

This is the percent of students whose well-being is the responsibility of a court.

Conclusions based on this data:

1. During the 2019-20 school year, Smarter Balanced Summative Assessment (SBAC) was not administered state wide due to the COVID-19 pandemic. The School and Student Performance Data is captured in the California Dashboard which does capture the information from 2019-2020, but not the academic score because the test wasn't administered. In order to reflect data from the last year of assessment, the information provided is from the 2018/19 school year.
2. The Student Information is from the California Dashboard for the 2019/20 school year: Enrollment: 1359, Socioeconomically Disadvantaged: 33.8%, English Learners: 14.3%, Foster Youth: 0.9%

3. The District Response plan in supporting shows that English Learners are making gains. In addition to the integrated support all students received, many of the English Learners also received designated supports with the ELD teacher and support staff. Students also benefit from the support services provided by the Title 1 teacher and support staff. The District has purchased a comprehensive digital program, iReady, to support all students in ELA and Math, along with supplemental programs/apps to enhance student learning. Our student with Disabilities are also receiving extra academic and testing support to improve overall scores.

Conclusions based on this data:

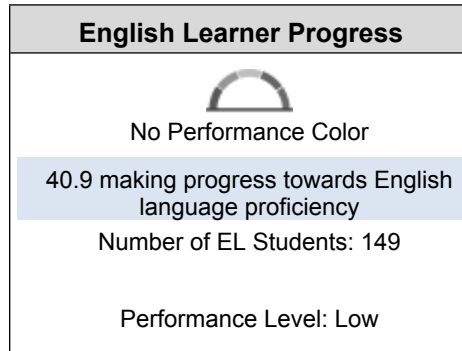

1. During the 2019-20 school year, Smarter Balanced Summative Assessment (SBAC) was not administered state wide due to the COVID-19 pandemic. This data reflects scores from the 2018/19 school year.
2. The District overall chronically absent students is at 6.6% and increased by 0.9 points from the previous year. English Learners increased 4.8 points to 11.9%, which increased significantly. Socioeconomically Disadvantaged students increased by 1.1 points up to 9.5%. Students with Disabilities declined 0.8 points to 11.3%. Although the focus will be to improve all subgroups, an emphasis will be placed on the English Learners to decrease the overall percentage.
3. The District will work alongside the Attendance Matters Team to incorporate initiatives to improve the overall performance in attendance for our subgroups who are chronically absent. During the 2019/20 school year, the chronic absenteeism rate was 4.1%.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Full implementation of California Standards in English Language Arts (ELA) and Literacy in History/Social Studies, Science and Technical Subjects in K-8th grade.

Goal 1

Ensure full implementation of District adopted curriculum to address Common Core State Standards (CCSS) in K-8 English Language Arts and Literacy. Students' scores will maintain in English Language Arts as measured by the California Dashboard.

Identified Need

For the 2018/19 school year, the overall ELA score is 32.1 points above the standard. The identified need is to support all subgroups to maintain the the score. A focus will be Listening: Demonstrating effective Communication skills, and Research/Inquiry: Investigating, Analyzing and Presenting Information.

Although the SBAC Summative assessment was canceled for the 2019/20 school year, an identified need was to support the ELD, Title 1, and Special Education students in the area of ELA.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
SBAC ELA % Standard Met / Exceeded.	2015-2016 District 64%; EL 25%; LI 23% 2015-2016 District +21.	During the 2020-2021 school year, the CAASPP was canceled due to COVID-19.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

During the 2019/20 school year, the actions and services for this goal were successfully implemented this school year. Professional development by ICOE and SDCOE for this goal was focused on instructional strategies and fostering a balanced assessment system. Our ELD/Curriculum Teacher provided professional development opportunities on developing SMART goals, building rigor, and providing adequate scaffolding for language arts instruction. Intervention programs were in place throughout the year for K-8th grade students through the district's ExCEL program and after school tutoring. The challenge faced by the district was beginning the process of designing district benchmark assessments to gather more actionable data to drive instruction. The district will continue to use the ICA's and the Synergy Assessment Modules to build the benchmark assessments.

During the 2019/20 school year, the SBAC Summative Assessment was canceled. These overall scores reflect the 2018/19 school year. The District's overall ELA score is 32.1 points above the standard. This score decreased by 1.3 points and is Maintained from the previous year. Students with disabilities declined significantly from their overall score from previous year by 27.3 points. English Learners increased by 3.4 points. The District maintained the scores in the area of Listening: Demonstrating effective Communication skills. 57 students made progress at least one ELPI level, while 34 students decreased one ELPI level. We will work on moving the 54 students that Maintained to move up at least one level and not have as many students decrease a level. 40.9% of our English Learners made progress towards English Language Proficiency.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Due to the school closure with the COVID-19 pandemic, the District was unable to fully spend the professional development budgeted amount.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The District will continue to focus on this area along with Research/Inquiry: Investigating, Analyzing and Presenting Information. The District will use District provided curriculum along with assessments from Inspect Data Bank and Smarter Balance Interim Assessments to improve scores. The District is using the ICA's as an established benchmark that is given at the beginning and end of the year to establish growth. Teachers will utilize IAB's to help students better prepare for the SBAC test.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Full implementation of California Standards in Mathematics in K-8th grade.

Goal 2

Ensure full implementation of District adopted curriculum to address Common Core State Standards (CCSS) in K-8 Mathematics. Students' scores will increase by 3 points in Mathematics as measured by the California Dashboard.

Identified Need

The overall Mathematics score is 13.1 points above the standard. The identified need is to support all subgroups to maintain the the score. A focus will be on Problem Solving and Modeling/Data Analysis: Using Appropriate Tools and Strategies to Solve Real World and Mathematical Problems and Communicating Reasoning.

Although the SBAC Summative assessment was canceled for the 2019/20 school year, an identified need was to support the ELD, Title 1, and Special Education students in the area of mathematics.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
SBAC Mathematics % Standard Met / Exceeded	2015-2016 District 56%; EL 25%; LI 23%.	During the 2020-2021 school year, the CAASPP was canceled due to COVID-19.
California School Dashboard ELA Academic Indicator Distance from Level 3.	2015-2016 District +7.3 DF3; EL - 25.9 DF3; LI -13.8 DF3.	For the 2019/2020 CAASPP, the percentage of students who met or exceeded the standard will be maintained at at or above the baseline.
District Benchmark Assessment: Beginning of Year, Mid-Year, and End of Year.	District Benchmark for the 2016-2017 school year increased 40% from BOY 39% to EOY 79%.	For the California School Dashboard, the Performance Level Color will be maintained or improved based on the DFS Status and Change.
SARC report on teacher credentialing.	2016-2017 45 teachers with full credential; 15 teachers without full credential; 1 teacher teaching outside subject area of competence (with full credential).	For 2019/2020, maintain the End of Year assessments at school wide average of 75%.
Annual Williams report on Sufficient Instructional Materials: 2014-2015 school year adoption of Houghton Mifflin Go Math curriculum.	All students have access to district adopted curriculum both in hard copy and digital format.	Continuous monitoring of teacher credentials and assignments in the appropriate subject areas.
Parent Conference Attendance Rate	Parent Conference attendance for 2015-2016 was 98.39%.	

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
		<p>Continuous monitoring of standards-aligned curriculum to ensure sufficient access.</p> <p>The district will maintain a parent conference participation rate of 98%.</p>

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

During the 2019/20 school year, the actions and services for this goal were substantially implemented this school year. The professional development agreement with Mindy Shacklett from SDCOE was successful in supporting specific grade levels. The multiple measures for math performance indicate a strong instructional program. The need for professional development shifted to the implementation of Google Suite for Education, and the training on the Synergy Assessment Modules. The expansion of the district website and the enhancements to the technology capacity continue to increase access to resources and to the parent community. Parent attendance at Back to School Night and Parent Conferences is at 98%. The challenge faced by the district was to begin the process of designing district benchmark assessments to gather more actionable data to drive instruction. The district will continue to use the ICA's and the Synergy Assessment Modules to build the benchmark assessments.

During the 2019/20 school year, the SBAC Summative Assessment was canceled. These overall scores reflect the 2018/19 school year. The District's overall Mathematics score is 13.1 points above the standard. The District's Mathematics score decreased by 3.1 points. English Learner student scores went up 2.4 points and Maintained from previous year. Socioeconomically disadvantaged students scores increased by 4.6 points. Students with disabilities went down 19.8 points and Declined Significantly.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Due to the school closure with the COVID-19 pandemic, the District was unable to fully spend the professional development budgeted amount.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The District increased the overall percent of students that were above the standard. The District will continue to focus on the following area: Problem Solving and Modeling/Data Analysis: Using appropriate tools and strategies to solve real world and mathematical problems and Communicating Reasoning. The District will use District provided curriculum along with assessments from Inspect Data Bank and Smarter Balance Interim Assessments to improve scores. The District is using the ICA's as an established benchmark that is given at the beginning

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Armando Lopez	Principal
Shaina Strahm	Classroom Teacher
Terra Pyle	Classroom Teacher
Kristi Cook	Classroom Teacher
Kim Gustafson	Other School Staff
Ken Phillips	Parent or Community Member
Rob Christensen	Parent or Community Member
Ruth Ontiveros	Parent or Community Member
Marcy Mendoza	Parent or Community Member
Jessica Aceves	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
 Ruth Ontiveros (Feb 4, 2021 19:41 PST)	English Learner Advisory Committee
 Melissa Hodgkin (Jan 27, 2021 13:10 PST)	Special Education Advisory Committee
 Kristi Cook (Jan 26, 2021 14:14 PST)	Other: Title 1 Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 01/08/2020.
